Animals in rodent colonies aged by the NIA are available to researchers at academic and non-profit research institutions. See Ros User Guide The National Institute on Aging (NIA), part of the National Institutes of Health (NIH), maintains colonies of rodents raised on a barrier under contractual agreement with commercial suppliers. NIA's aging rodent colonies are a limited resource developed for use in aging research. Learn about eligibility criteria, available strains, and more in the Aging Rodent Colony Manual. To start the ordering process, please register today. Sign up today! Log In The West is a San Francisco-based bank that has been operating for over 135 years. Squaredpixels/E+/Getty Images home pages are useful as a primary location for all your web browsing. The most popular are Google, Yahoo, Bing or just a blank page (about:blank). Many browser add-ons or websites change your homepage to your website, often without you noticing what they are doing. Luckily, modern web browsers make the solution easier. Open SettingsGoogle Chrome and Mozilla Firefox both have their settings under their menu button (all three lines). Chrome calls them Settings, while Firefox calls them Options. For Apple's Safari browser, click the Apple logo at the top of the screen and tap Preferences. Microsoft Internet Explorer 10 uses a gear icon to open the Action menu and find Internet Options. Find the home page settingsIn Chrome, your homepage settings are under Appearance, while in Safari, Internet Explorer, and Firefox, these settings are on the General tab. Change your homepageTo Internet Explorer and Firefox, change the home page entry to what you wanted to be your homepage. In Chrome, click Change on the Show Start button. Edit the Open this page entry: whatever you want your home page to be. Alternatively for Firefox browser, take a browser tab and drag it to the home button to add it automatically. We bring together the best minds in basic and clinical cancer the rigor and drive of pharmaceutical and biotech companies, and our own drug discovery and alliance management capabilities to deliver innovative drugs for cancer patients. In recent years, we have established successful partnerships with AstraZeneca, Teva Pharmaceuticals, FORMA Therapeutics, Merck KGaA and LifeArc (formerly MRCT). We have also been successful in implementing the alliance model through the formation of derivative companies, including Artios and iOnctura. More about our .gov approach means it's official. Federal government websites often end in .gov or .mil. Before sharing sensitive information, make sure you're on a federal government site. The place is safe. The https:// ensures that you are connecting to the official website and that any information you provide is encrypted and sent securely. Considering that Discover is one of the largest credit card issuers in the U.S., you'd be forgiven for thinking that's all the company does. But Discover also has an online banking platform that allows customers to set up checking accounts, high-performance savings accounts, money market accounts and more. To use an online bank, you need an online account and knowledge of how to log in to it. Read on to learn how to use and set up sign-in for your Discover account: How to sign in to your Discover bank account from a computer To sign in to your account from your computer, find the links in the upper-right corner of the Discover Online home page and follow these steps: Click the Sign In button. Enter your user ID and password. Click Sign In. To create an online bank account with Discover, you'll need to provide the following: The last four digits of any of your Discover Your Social Security Number Date of Birth Mother's Maiden Name From there, you'll be asked to create your login ID and verify it. Check out: Discover the bank review — Features without charge that are worth re-checking to overcome how to sign in to your Discover bank account from a mobile phone or tablet You can sign in to the Discover app from your Android device, iPhone, iPad, or Apple Watch with your account information. Once you do, the Discover app gives you quick access to your account. You also have the option to log in using biometric technology such as Face ID or mobile fingerprint login. Another sign-in option is to set up a four-digit pass code. Alternatively, you can set up Quick View to view your account without logging in. Back to top How to recover a forgotten username or password If you have forgotten Discover username or password, you can retrieve them using the Forgot User ID/Password link below the User ID and Password fields. After clicking on it, you will be taken to a page where you will be asked to enter the following information: Date of birth Social Security number Mother's maiden name From there, follow the instructions to recover your username and password. Back to the top How to see your discovery discovery Information Once you log in to your Discover account, you can view your statements using the appropriate tab. You can also download monthly statements. To opt for paperless statements, use the Accounts tab if you are already signed in, or select that option during the account creation process. Related: The best promotions and bank offers back to the top How to contact Discover if you have problems with your Discover account has several numbers that you can call to troubleshoot or ask questions. Here are some of the key phone numbers that have to do with online bank accounts: Opening an account: 800-347-7000 Identity verification: 866-598-7726 Online banking support: 800-290-9885 Discover also has contact numbers for other issues such as inactive accounts and report phishing schemes. Back to the top What are the benefits of online banking? If you like to have all your banking information at your fingertips, online and mobile banking can be useful and empowering. The ability to search for your balance or handle transactions from a computer or phone means you have better control over financial decisions such as paying bills, transferring funds, saving money, and applying for loans. In addition, online banking generally comes with other useful features, such as recurring payments.
